

CPIN and Shasta College's Early Childhood Educators Network present to you...

The Saturday Math Series

Number Sense

Saturday, September 9th
9:00—12:30 PM

Shasta College Early Childhood Center
Building 3200, Room 3217

Participants attending Number Sense will be engaged in learning & activities to support children's understanding of subitizing, cardinality, one-to-one correspondence, counting, quantity, numerals, and decomposing and composing groups.

Register by clicking on the circle. It will take you to Eventbrite.

Algebra and Functions

Saturday, October 7th
9:00—12:30 PM

Shasta College Early Childhood Center
Building 3200, Room 3217

Participants attending Algebra and Functions will be engaged in learning & activities to support children's understanding of classification and patterning.

Register by clicking on the circle. It will take you to Eventbrite.

Geometry

Saturday, February 3
9:00—12:30 PM

Shasta College Early Childhood Center
Building 3200, Room 3217

Participants attending Geometry will be engaged in learning & activities to support children's understanding of shapes: identification, naming, describing, constructing, and orientation as well as positions in space.

Register by clicking on the circle. It will take you to Eventbrite.

Measurement

Saturday, March 10th
9:00—12:30 PM

Shasta College Early Childhood Center
Building 3200, Room 3217

Participants attending Measurement will be engaged in learning & activities to support children's understanding of measurement: standard and non-standard, comparing, and ordering.

Register by clicking on the circle. It will take you to Eventbrite.
